NGOs Council”**

Dear Mr. Almkvist,

The Gozo NGOs Council hereby formally requests admittance to the European Small islands Federation.

The Gozo NGOs Council is a civil association that connects all Gozitan NGOs and people living or having any ties to them. Its main goals are: contribution to the faster development of Gozitan NGOs and the island of Gozo; protection of the environment and culture; equalizing living conditions on the island and mainland etc. We are very interested in joining your organization and are prepared to take any additional steps required to be admitted. Also, we are happy to answer any of your questions and can be contacted via the e- mail address listed on top.

Yours sincerely,

Best Regards,

Ryan Mercieca
